GENERAL AND REVENUE SECRETARIAT

Serial Nos 1 — 6

~~Part~~ B for June 99

SUBJECT

Additional grant of funds for school buildings

Indexed
& Registered
Jan 1899

GPB—10 000—23 8-15

4/82(a)

Subject 2nd Supplementary

Note

Subject — Building grant sanctioned in the State Fund Budget of the Edn Debit for 1898-99

Amount sanctioned — 30,000.

Amount which Mr Bhabha thinks he will spend departmentally before the end of the year — 9,500.

Note This is doubtful judging from the experience of past years in which there have been lapses.

Amount which Mr Bhabha says he can place at the disposal of D.P.W. — 20,500

Amount required by the D.P.W. — 25-500

Note. a small portion of this may possibly lapse

Add amount asked for. — 5000 i.e. 30000 − 95 = 20500 + 5000

Mr Bhabha further
requests that Rs 73,996
be provided in the Bud-
get for 1899–1900 in lieu
of the usual Grant of Rs 10,000 -
certain large buildings
having been sanctioned
& being in progress, a
substantial increase is un-
doubtedly necessary But-
the amount asked for
is too large & cannot
under present circum-
stances be easily grain
~~Last~~ For 1898–99, a special
Provision of Rs 30,000
was sanctioned. A
similar provision in
1899–1900 & a few
subsequent years seems
necessary This may be
considered when the
Budget for 1899–1900
comes up for orders. In
the meantime the Comptroller
may be asked to place
at the disposal of
the PWD (which seems
as much as can be actually
spent by them by the
end of 1898–99) the Estimat-
the exact amount for
which orders of Govt. I
do not expect that

Hon'ble Bhabha

not exceeding 25,500
& 9,500 respectively

that amount would be
much in excess of the
Budget grant due as the
receptate Council sanction
& are very sorry for
the delay -

22/6/99

We may however
ask for it by there
if necessary &
after ascertaining
the amount of excess

11547-a

I agree in the
view taken
by the Secy and
may upon as
suggested above

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 2715/91 with 4½ enclosures

Mysore, ~~Bangalore,~~ 22nd September 1898

Section Edn
File No 73478
Serial No

From

I J BHABHA Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore,
General and Revenue Departments

Sir,

With reference to para 9 of order no 3209-10 Ed 2-96 dated the 6th September 1898, I have the honour to inform you that the Chief Engineer in his letter No 633 dated 8th September 1898 requests that a total amount of Rs 34,000 may be placed at his disposal at an early date for expenditure on the following incomplete Educational works of the last year during 1898-99

Name of work	Govt order sanctioning the work	Amount of estimate	Outlay in 1897-98	Appropriation required in 1898-99
Channapatna High School	GO No 3318-20 Ed 19-96 dt 11-9-97	13937	3720	Rs 10,000
Davangere Anglo-Vernacular School	GO No 14931-3 Ed 41-96 dt 14-5-98	18004	718	Rs 10,000
Chik Ballapur High School	GO No 13099-11 Ed 340 dt 14-4-98	14440	Nil	Rs 8,000
Chikkaldroog Anglo-Vernacular School	GO No 3318-20 dt 5-9-98 Ed 19-96	8846	330	Rs 6,000
				Rs 34,000

It will be seen that the above four works alone require an appropriation of Rs 34,000, while para 9 of the order quoted at the commencement of this letter which sanctions the State Funds Budget for 1898-99 makes a provision of Rs 3,000 only for all building works. Until the estimates of the expenditure required for incomplete works are received from the Chief Engineer in or about the month of September I am unable to forecast the expenditure on school buildings. In the budget estimates of the current year the usual provision of Rs 10,000 which has by the growth of the department become quite inadequate as an estimate of probable expenditure was entered & forwarded with my letter No 4740 dated the 30th November 1897 a list of 158 building works urgently required to be paid for from the State Funds. Government were pleased in their order No 11173-4 Ed. F. 19-96 dated the 10th March 1898 to sanction a sum of Rs 5,000 over and above the usual provision of Rs 10,000 And Rs 4,000 was specially sanctioned for the Channapatna School,

X & I No 111 of File 19-96

& I No 11173 File 19-96

and Rs 1,000 for the Davangere Anglo-Vernacular School and Rs 500 for the Chitaldroog Anglo-Vernacular School were also sanctioned subsequently from General Savings

1/12) Most of the buildings named in the list forwarded with my letter No 4740/158 dated the 30th November 1897 have therefore remained unattended to

2 I submit herewith a fresh list prepared with great care showing the buildings the construction or repairs of which are urgently required If it is necessary to point out some buildings more urgently required than others, I would mention the following

(1) The Anglo-Vernacular School at Shimoga containing 395 boys is very badly housed in three different buildings of which two are rented and quite unsuitable It is not possible to rent better accommodation A plan and an estimate were prepared in 1894 and a building site was acquired at a cost of Rs 2,500 in 1896-7

(2) The Doddaballapur Anglo-Vernacular School requires urgently the same kind of extension as did the present building

of the Chikballapur High School :- The
extension of the Chikballapur building
cost Rs 3,692 The Standard building
of the Doddaballapur Anglo-Vernacular
School is crowded to suffocation though
the rooms are filled by two sets of classes 3500
during the day, one set attending the
school in the morning and the other in
midday. The insufficiency of accom-
modation has become a crying want.

(3) The building of the Taluk Kannada
Boys' School attached to the Cellpore
Normal School is in very urgent 1215
need of repairs. The repairs are
estimated by the Executive Engineer
to cost Rs 1,215

(4) The Sathlespur Anglo-Vernacular
School partly tumbled down during the
rains of 1897 The Executive Engineer
after a long correspondence recommended
that the present building should be
sold and a new one erected on a
higher site which was not liable to
be flooded like the site of the old
building. A site for a new build-
ing has been acquired by the Deputy
Commissioner on a high ground I
request permission to sell by auction

the old building through the Revenue authorities
The School is now held in a private dwelling
house at a monthly rent of Rs 21—0—0 It
is necessary to construct a proper School
2500 house at an early date which will
probably cost not less than Rs 8,000

(5) The people of Yeddalore have given
the Jubilee Fund amounting to Rs 2,567
towards the cost of a new building for
2000 the Anglo-Vernacular School which
is now held in a low and ill-
ventilated dwelling house

(6) The Kolar Girls' School is held in
a low mud house with small dark
rooms in which the children are
overcrowded almost to suffocation
This house was purchased from sub-
100 scriptions by the Committee. It is
not possible to procure better ac-
commodation in the town at a
reasonable amount of rent.

(7) The want of a proper house for the
Kurugal Anglo-Vernacular School
2000 has long been felt, the School having
been held till now in a private
dwelling house

For information regarding the other build-
ings recommended to be taken in hand
I beg to refer you to the column of remarks
in the enclosed list

3. The total amount required for urgent works is Rs 62,474 in place of the Rs 30,000 already sanctioned. I request that Government may be pleased to sanction this total amount. Unless liberal provisions are sanctioned for buildings for some years the urgent wants of school accommodation can not be satisfied.

Serial No ____

The Secretary to the Government of Mysore, General and Revenue Departments

SIR,

I have the honour to enclose herewith a list of new building works and appropriations for incomplete building works which will be required for 1899-1900. The appropriations for incomplete works under construction by the Public Works Department can only be estimated roughly now as the Chief Engineer is not able to notify to me the appropriations he requires to be made for the official year before the month of August or September. The total amount for the building works named in the list comes to Rs 73,996. This amount may seem large, but for several years past a sufficient amount has not been spent on school buildings

with the result that many urgently wanted Taluk School buildings have not been taken in hand, and many of the existing buildings have fallen into a state of disrepair for want of funds.

2. In this connection I would once more invite your attention to my letter No 2715/91 of the 24th September 1898 and subsequent reminders to which I have not been favoured with a reply. I shall not be able to place more than Rs 20,500 at the disposal of the Chief Engineer before the 30th June 1899 for the works under construction during the present year, whereas the Chief Engineer's requisition is for Rs 34,000 as stated in the above letter.

I have the honour to be,
Sir,
your most obedient servant,

H J Bhabha
Inspector General.

Bangalore

Section	
File No	
Serial No	Sir,

With reference to your letter No 5133 of 8th September 1898 I have the honour to inform you that only Rs 30,000 altogether having been sanctioned by Government for buildings in the State Funds Budget for Education, I recommended to Government in my letter No 2715/91 of 24th September 1898 that the provision may be raised to Rs 62,474 to enable me to place Rs 34,000 at your disposal and attend to the urgent wants of the Department as regards school buildings. I have not been favoured with a reply up to date although remunders were sent in December and January last. In the meanwhile the absolutely necessary expenditure on building works of the

Education Department has been incurred and it amounts to Rs 1512 already paid and Rs 5136 appropriated for expenditure before the end of the current official year. The works for which sanction has been applied for will cost Rs 1500. Under these circumstances I regret my inability to place Rs 34,000 at your disposal. I shall be glad however with your approval to place Rs 20,500 from the Budget provision at your disposal before the end of the year.

I have the honour to be
Sir,
Your most obedient servant,
(Signed) - HJ Bhabha
Inspector General.

No 1992

From The Superintending Engineer E C
Bangalore

To The Chief Engineer of Mysore

Chief Engineers no 2382 dated 17th inst, requesting to report the expenditure that has been incurred during the year on Education Budget works, and Enquiring whether any of the works cannot be put off —

Referring to the above, has the honour to annex overleaf the outlay incurred during the year upto end of last month against the several works included under the above

2 It will be seen that the expenditure upto date has already exceeded the limit of Rs 20,000 fixed by the Inspector General of Education by Rs 733/-

3 Undersigned does not see his way to order the stoppage of any of the works which are all now in fair progress, nor does he considered advisable to do so for diverse reasons It is needless to say that such a step is calculated to demoralize the contractors who will be put to inconvenience & loss by reason of their arrangements for labour getting disorganized, of which they will surely complain,

and this will also tell on the future progress of the works themselves

4 If the Inspector General of Education could arrange to obtain a further grant of Rs 5,000/- to meet the probable expenditure of the last month, undersigned could ask the Executive Engineers concerned to put off the payment for bills for work that will be during this month to the early part of July thus undersigned thinks will not inconvenience contractors to any extent—

the D.P.W. establishment charges. The Chelavadi lands forming the building site
ool were acquired in 1896-7 under the Land Acquisition Regulation at a
2500 sanctioned by Govt for the purpose. The work of the new construction
be taken in hand either in 1896-7 or in 1897-8 for want of funds

nd estimate will be the same as for the extension of the Chick Ballapur
ol

and estimate are to be prepared. The necessity for this work was
to Government in this office letter No. 1809 dy 27-8-96 of the extent
2yr 2ds of the site required for the proposed building, the private site
nly 300 2yr 2ds and not 2,450 as first measured was acquired by purchase
Deputy Commissioner for Rs 150. The need for a new building at Sidlaghatta
been urged in this office letter No. 7426/244 dy 14-3-99

plan and estimate are to be called for. The Endowment Fund of Rs 2567-7-
for expenditure on the work is deposited in the Govt Savings Bank as per
15-26 of 27/2/96 from the Dy Commr Mysore Dt. The Inspector General
ll available sites and would consider the site behind the Inspn Lodge
ites behind the cattle pound to be the best sites

and estimate have to be called for. The necessity for this work was
in this office letter No. 7443-4/247 dy 14/3/99

and estimate are yet to be prepared. A building roughly estimated
500 was entered in last year's list. The present school house is quite
d for the purposes of a public school and the want of a new
is greatly felt

Contd 1

This includes the DPW establishment charges This work is very necessary
present building of the Kannada School is proposed to be sold

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 10031/363 — with 2 enclosures

~~Bangalore~~ Mysore, 10th June 1899

From

H J BHABHA Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore,
Political and Revenue Departments

Sir

I have the honour to invite attention to my letters No 2715/91 of the 22nd September 1898 and reminders No 4760/167 of the 6th December 1898 and No 5985/194 of the 26th January 1899 and also to para 2 of my letter No 9104/309 of the 13th May 1899, and to forward herewith copies of my letter No 9101/111 of the 13th May 1899 to the Chief Engineer and of the Chief Engineer's reply No 2903 of the 7th June 1899.

2 I have the honour to inform you that the expenditure incurred on the four works noted in the margin and carried out through the agency of the P.W.D. is Rs 20,733 up to 30th April 1899. The Superintending Engineer says that about 5,000 Rs. ...

1	Constructing a High School at Channapatna		Rs 6231/-
2	Do	do Chikballapur	Rs 4500/-
3	Do	do Anglo Vern School Chitaldroog	Rs 3813/-
4	Do	Do Davangere	Rs 6189/-
		Total	Rs 20733

will be required to meet the probable expenditure on the works for the month of May 1899, while payment for the work done in June 1899 will have to be made in July at the beginning of the next official year. I am able to place only Rs 20,500 at the disposal of the D.P.W. out of the provision of Rs 30,000 sanctioned for Buildings in the State Funds Budget of the current official year. I request therefore that Government will be good enough to sanction Rs 5,000 more under the head of buildings in the State Funds Budget of 1898-9 as early as possible so that there may be no necessity to stop the progress of the four works. I also request that Government will be good enough to order the Comptroller to place by adjustment Rs 25,700 from the Education Budget for expenditure on the four works at the disposal of the Chief Engineer as early as possible before the end of the current official year.

I have the honour to be,
Sir,
Your most obedient servant,

H.J. Bhabha
Inspector General.

4/99 (6)

Read the following letter from the DyC of Kpm asking for an increased grant for buildings from State funds and requesting that an addl sum of Rs 5000 be released at his disposal this year for certain works which are being carried out by the Dpty
